

LTC(P) Paul D Bliese, Director, Center of Excellence for Psychiatry and Neurosciences at the Walter Reed Army Institute of Research (WRAIR) has been selected as an Associate Editor for the Journal of Applied Psychiatry, the leading professional journal in the field. "This prestigious academic recognition represents the positive and international impact of LTC Bliese's efforts to protect the health and well being of our Soldiers," says COL Gray Heppner, Deputy Commander of the WRAIR.
